Professional Summary

Results-driven **Java Full-Stack Developer** with experience in designing, developing, and deploying scalable web applications. Proficient in **Java, Spring Boot, React, Python, SQL, and AWS**, with a strong understanding of software development life cycle (SDLC) and modern development practices. Adept at building responsive user interfaces and robust backend systems.

Technical Skills

- **Languages:** Java, Python, JavaScript
- **Frontend:** React, HTML5, CSS3, Bootstrap
- **Backend:** Spring Boot, RESTful APIs
- **Database:** SQL (MySQL, PostgreSQL)
- **Cloud & DevOps:** AWS (EC2, S3, Lambda), Docker, CI/CD
- **Tools:** Git, Maven, Jenkins, IntelliJ IDEA, VS Code

Professional Experience

Java Full-Stack Developer
Company Name — Location
Month, Year – Present

- Developed scalable web applications using **Java and Spring Boot** for backend services.
- Designed responsive UI components using **React** and modern JavaScript frameworks.
- Integrated RESTful APIs and optimized performance for high-traffic applications.
- Managed relational databases using **SQL**, ensuring data integrity and performance tuning.
- Deployed applications on **AWS**, utilizing services like EC2 and S3.
- Collaborated with cross-functional teams in Agile/Scrum environments.

Software Developer Intern
Company Name — Location
Month, Year – Month, Year

- Assisted in developing backend modules using **Spring Boot**.
- Built reusable frontend components with **React**.
- Wrote Python scripts for automation and data processing.

- Performed database queries and updates using **SQL**.
- Participated in code reviews and debugging sessions.

Projects

Full-Stack Web Application

- Built a complete application using **Java, Spring Boot, React, and SQL**.
- Implemented authentication, CRUD operations, and REST APIs.
- Deployed on **AWS** with CI/CD pipeline integration.

Data Processing Tool

- Developed a **Python-based** tool for data analysis and automation.
- Integrated with SQL databases for data extraction and reporting.

Education

Bachelor of Technology in Computer Science
University Name — Location
Year of Graduation

Certifications

- AWS Certified Developer – Associate
- Java Programming Certification
